PROFESSIONAL EXPERIENCE

Front-End Developer (volunteer)
Confidential - London-based EdTech Startup

London, UK (Remote)

08/2024 – Present

- Mobile app development using **React Native, Expo, and Tamagui**.
- Direct collaboration with the design team, utilizing tools like **Figma**.
- Participation in an international team with professionals of different nationalities.

Front-End Developer
dalvan c_

Santa Cruz do Sul, RS

08/2022 – Present

- Development of responsive websites and applications (compatible with mobile devices) using modern CSS frameworks and JavaScript libraries such as **Tailwind CSS and React**.
- Design and implementation of interfaces focused on improving **user experience (UX)** using component-based architectures, **resulting in modular and reusable front-end solutions**.
- Use of **REST APIs** for creating web applications, ensuring efficiency in data retrieval and interaction with back-end services.

Coordinator
Research and Mapping Agent III
Topocart Engineering

Manaus, AM
Santa Cruz do Sul, RS

07/2019 – 08/2021
05/2017 – 07/2019

- Coordinated office teams in Manaus and Brasília (the latter remotely) in executing tasks for projects across different locations in the country, contributing to operational efficiency and goal achievement.
- Ensured stability and efficiency of the IT infrastructure in the Manaus office, **leading the management and maintenance of workstations, servers, and storage** in close collaboration with the company's IT team at the headquarters in Brasília.

IT Technician
IDB Informática

Santa Cruz do Sul, RS

01/2012 – 05/2017

- Led the technical support department **for over 5 years**, providing remote and on-site technical support to end users. Additionally, trained new technicians and established standards for problem detection and resolution at both software and hardware levels.
- Performed on-site maintenance and management of IT and network infrastructure for corporate clients, significantly optimizing issue resolution.
